

Reversing101 (Very Easy) - Rev

Sunday, June 11, 2023 12:37 AM

Description

"Trace the elusive code paths, decode the puzzle, and seize the secret password."

Solution

Using ltrace with the binary reveals the password.

```
(kali㉿kali)-[~/rev/unused/reversing101_r1.5/challenge]
$ ltrace ./reversing101
puts("reversing101") ...
Enter the password: test
strcmp("test", "5tr0ng3stpa$$w0rd")
puts("Wrong!Wrong!")
+++ exited (status 0) +++
```

```
(kali㉿kali)-[~/rev/unused/reversing101_r1.5/challenge]
$ ./reversing101
Enter the password: 5tr0ng3stpa$$w0rd
Correct!
